This is a professionally developed outdoor mobile power supply and new energy storage product. Intelligent inverter technology, with 1500 rated power and 1008wh capacity.

The wind power generation control cabinet meets the requirements of relevant standards and is suitable for power supply of small and medium-sized programmable switches, mobile communications, ...

This heavy-duty enclosure securely houses a Stand By Power Supply and three (3) batteries along with equipment and cable required for fiber optic conversion and/or distribution.

Feature highlights: This 220V Portable Mobile Digital Power Supply is designed for outdoor emergency energy storage, featuring a lithium battery with a capacity range of 252WH-756WH and power ...

EK-SG-D03 integrates communication power supply, lithium battery, solar energy and wind energy. Through intelligent software control, it ensures green energy priority power supply, helping ...

Suitable for off-grid locations and regions with high electricity costs where station construction is needed. Can be used in both grid-connected and off-grid scenarios, particularly in areas where grid electricity ...

The outdoor hybrid power supply cabinet integrates a robust power system that combines energy generation, storage, and management. Its components, including solar panels, ...

Multiple Powers Integration: Integrates photovoltaic power, wind power, and generators, supporting multiple voltage output such as AC220V, DC (-48V, -24V, -12V). Rugged Protection: IP55 and C4 ...

The cabinet uses robust lithium iron phosphate batteries with a storage capacity of 20kWh, providing a reliable backup power source. It supports multiple voltage outputs (DC-48V, AC220V, -24V, -12V) to ...

220V Communication Power Supply Cabinet for Wind Power Generation

OUTDOOR COMMUNICATION ENERGY CABINET WITH WIND TURBINE. Our certified solar specialists provide round-the-clock monitoring and support for all installed solar container systems.
