Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

Power large-scale operations with our 30kW EU Hybrid PV + ESS System! Designed for industrial facilities, commercial hubs, and energy-intensive businesses, this robust system delivers 120 ...

Designed for commercial, industrial, and microgrid applications, it integrates a 30kW PCS with a 60kWh LiFePO₄ battery bank to provide safe, efficient, and reliable power storage.

o Standardized structural design, menu-based functional configuration, optional PV control module and seamless switching module on/off-grid, etc. o IP54 outdoor cabinet, multiple safety and optimized ...

This cabinet integrates advanced battery technology, energy management systems, and intelligent controls, achieving efficient energy storage in a compact device.

KEY FEATURES Highly Integrated The cabinet contains batteries, PCS, DC/DC, EMS, but only occupies a small area. Quick Installation Backplug battery solution greatly reduces on-site installation ...

Product features: Simple & flexible Standardized design, easy to expand and maintain; Independent air duct design, more stable operation;

This 60kWh/30kW AC-DC hybrid cabinet uses LiFePO₄ (LFP) battery cells (48V/51.2V) and supports PV/grid charging. Scalable via parallel connection, it features BMS/EMS for cell-level monitoring, ...

This document may contain forecast information, including but not limited to future finances, operations, product series, new technologies, etc. Due to practice the uncertainty in the actual results may differ ...

30kw smart pv-ess integrated cabinet product specifications

With a capacity of 60KWH and a power output of 30KW, it supports peak shaving, load shifting, and renewable energy integration. Its all-in-one design simplifies installation and operation, while ...
