Alpha provides a full line of power products including: standby, non-standby and uninterruptible power supplies, surge suppressors, enclosures, batteries and powering accessories.

Maintenance bypass cabinet with output transformer. The maintenance bypass isolates the UPS completely during service operations. The output transformer converts the 480 V output of the UPS ...

They feature power supply, distribution, and protection equipment as well as radio systems and passive or active cooling. Contact us today to learn about all the options and to find a solution that is right for ...

Our base station cabinets can directly power nearly any communication equipment they house. The design of our racks and cabinets allow for high integration with different backup time and easy ...

Huijue Group provides professional Energy Storage Solutions for Communication Bases, ensuring reliable backup power for telecom infrastructure during outages or peak demand.

Supports self-consumption, peak-valley arbitrage, backup power, and other various scenarios. Max. DC input voltage. *The data sheet will be changed according to actual situation without prior notice.

The Vertiv Liebert® ITA2 UPS delivers economical, efficient, and reliable three-phase power for critical loads from 5 to 40 kW, and up to 80 kW with parallel systems.

Supports optional communication cards that allow remote access via the HTTP(S), SNMP, MODBUS TCP/IP, Modbus RTU and BACnet IP protocols. Manage your power devices in your physical or virtual ...

A power efficient design is required that supplies both the higher voltage analog circuits and multiple tightly regulated low-voltage supplies for the high-speed digital communications ASICs and FPGAs.

50kW US Communication Power Supply Cabinet

This heavy-duty enclosure securely houses a Stand By Power Supply and three (3) batteries along with equipment and cable required for fiber optic conversion and/or distribution.
