What is a 5G outdoor integrated cabinet?

5G Outdoor integrated cabinet is well suited for power equipment, batteries, telecom gear, all integrated into a robust, economical package. The cabinet contains internal mounting rails, which allow installation of standard 19" equipment. Lockable front door with rubber seal, with AC or DC Air conditioner mounted on the door. Support custom-made.

What makes a 5G-LTE micro a good telecommunication enclosure?

The 5G-LTE series 'MICRO' is engineered to provide the same safeguards as its larger versions but at a condensed size. Expect exceptional resistance to environmental factors such as intense heat, extreme cold, and heavy rain. DDB answers the call with the durability and reliability of a telecommunication enclosure but in a smaller size.

What is a 5G enclosure?

Equipment protection: An enclosure's primary purpose is to protect 5G cables and equipment from damage caused by environmental and physical conditions. The cabinet is mechanically robust and sealed, preventing costly damage from weather conditions, impacts and other factors.

5G cabinets can be extensions of your head-end, central office or even stand as miniature hub sites. Perfect for housing your 5G network, Multilink's cabinets are ideal for outdoor use, durable enough to ...
