Who is EPC Group?

EPC Group specializes in comprehensive Engineering, Procurement, and Construction services with a strong focus on the electrical engineering sector. Since 2024, we have delivered efficient, safe, and high-quality solutions across all project stages, supported by a team of experienced professionals.

How many EPC Contracts does EPCs manage?

Today, EPCS manages up to two dozen EPC contracts annually, guided by over 100 years of combined high-voltage power delivery experience among our leadership. With fully integrated in-house engineering, procurement, and construction teams, we excel in delivering complex projects through 765 kV.

What is an EPC power conversion system?

Engineered for superior adaptability, EPC Power Conversion Systems feature high-power density, multi-port connectivity, enclosures up to IP55, and 50 Hz / 60 Hz frequency compatibility. The M inverter is a powerful solution for data centers, addressing the growing demand for reliable and efficient power solutions.

What makes EPC Group unique?

We are driven by innovation, dedicated to addressing today's energy challenges, creating opportunities for the future, and empowering our clients to design and build their projects. EPC Group specializes in comprehensive Engineering, Procurement, and Construction services with a strong focus on the electrical engineering sector.
