From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create a sustainable future.

Introducing the GSL ENERGY 409-716V 200AH Solar ESS Lithium Iron Phosphate (LiFePO₄) battery--a high-voltage residential energy storage solution. Available ...

Our battery storage cabinets are constructed with a modular design, providing optimal flexibility for businesses across various sectors. Our power storage cabinets also adhere to safety and quality ...

Product Features: Standardized structure design, menu-type function configuration, photovoltaic charging module, a parallel off-grid switching module, power frequency transformer, and other ...

SUNSYS HES L is a modular outdoor energy storage system designed for both on-grid and off-grid applications. It is available in a variety of configurations, to provide the ideal system size for a range ...

Maximize ROI with Kingfit ENERGY 80kWh-130kWh C& I storage. Ideal for factories & data centers, our industrial battery systems offer peak shaving, solar integration, and critical emergency backup.

Industrial ESS Cabinets provide megawatt-scale energy storage for factories, data centers & utilities. Discover how these high-capacity battery systems reduce demand charges, enable renewables ...

Looking to deploy an enterprise-grade ESS cabinet for commercial facilities, factories, EV charging, microgrids, or industrial parks? Wenergy provides fully integrated, outdoor-rated ESS cabinets using ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

80kWh Order for Data Center User Outdoor Energy Storage Cabinets

Easy to handle: forklift pick up and drop, avoid crane. Save on time and labor. Versatile configuration: use 30kW/80kWh as a basic build block to build up a larger system. Application:
