Will Brazil's first capacity reserve auction affect battery energy storage?

Changes to Brazil's first capacity reserve auction of 2025 could undermine the expansion of the procurement regime to include battery energy storage systems (BESS) in the second exercise of the year, according to Markus Vlasits, chairman of Brazil's energy storage trade body.

Will regulatory uncertainty deter investors in Brazil's battery energy storage system?

From ESS News With Brazil's Ministry of Mines and Energy asking for feedback about how it should structure procurement of battery energy storage system (BESS) capacity, regulatory uncertainty could deter investors. The ministry is planning a battery-dedicated grid capacity reserve auction in June, and has held a public consultation exercise.

Can batteries unlock the storage market in Brazil?

Unlocking the storage market in Brazil On Jan. 29, 2025, at 10:00 a.m., in a webinar held by pv magazine Brasil, Chinese electrical equipment maker TBEA will show how batteries are key tools to decarbonize, modernize, and make the Brazilian electrical system more flexible.

Are batteries a key tool to decarbonize the Brazilian electrical system?

On Jan. 29, 2025, at 10:00 a.m., in a webinar held by pv magazine Brasil, Chinese electrical equipment maker TBEA will show how batteries are key tools to decarbonize, modernize, and make the Brazilian electrical system more flexible. As Latin America's largest economy steps closer to mainstreaming battery energy storage, the world will be watching how Brazil balances ambition with regulatory clarity -- and ...

Changes to Brazil's first capacity reserve auction of 2025 could undermine the expansion of the procurement regime to include battery energy storage systems (BESS) in the second exercise ...

A public consultation ahead of the auction will be held in the coming days and, according to a draft of auction rules published by the ministry, the procurement exercise will be held for systems ...

Brazil Microgrid Energy Storage Battery Cabinet Intelligent Bulk Procurement

The upcoming BESS auction represents one of Latin America's largest emerging storage opportunities. With consultation in November 2025 and auction in April 2026, U.S. firms should act ...

“This auction represents a transformative moment for Brazil's energy sector, establishing the foundation for large-scale battery storage deployment while creating substantial investment ...

Brazil's Ministry of Mines and Energy has launched a public consultation to prepare the country's first battery storage auction, scheduled for April 2026. The move marks a long-awaited step ...

The ministry is planning a battery-dedicated grid capacity reserve auction in June, and has held a public consultation exercise.

The auction serves as an entry point into the Brazilian energy sector for storage players, allowing them to capitalize on the expansion of this technology and address the substantial domestic ...

The analysis is structured to be adaptable to any Brazil Energy Storage Battery for Microgrid Industry Chain Market while providing actionable, region-specific insights.

The Brazilian Ministry of Mines and Energy has launched a public consultation for a potential battery auction. This would be an important step forward in advancing storage systems in ...
