Guaranteed continuity and ease of service with fully hot swappable modules, this solution ensures no end-of-life criticality, due to our Forever Young concept.

Secure and Lockable Battery modular design Parallel functions between modules/racks and cabinet Alarm function and perfect online protection function

Our all outdoor or indoor battery cabinet solutions are designed for maximum flexibility, reliability and suitable for various battery types. There are intelligent enclosures for the batteries to supply more ...

Smart modular batteries integrated in the UPS cabinet optimize footprint and ensure critical loads have highly predictable runtimes. Start-up service is included to optimize your system's performance, ...

125kW. Modularity The KEOR MOD UPS has a modular architecture, it means that it's composed by identical modules (25kW Three phase power module) that, working in parallel, form the powe. ...

When unlimited security is not enough. Our battery cabinets are sophisticated and offer modular solutions that can withstand even temperatures and earthquakes when it matters.

The MODULYS GP is an ultra-modular UPS engineered to outperform market reliability by up to 200 kW. With a MTBF of 1,000,000 hours, application restoration in just 2 minutes, and unparalleled ...

Configure your organized system cabinet exactly as required by the application in operation. The modular expandable cabinet serves as the basis, making it ideal for the production-related storage ...

Elevate your energy storage capabilities with our 25kW PCS paired with a 25kWh Lithium Battery Energy Storage System. Ideal for demanding commercial and industrial applications, this system ...

Highly efficient, easy-to-deploy 25kW, 208V 3-phase uninterruptible power supply (UPS) that brings

German Modular Battery Cabinet 25kW

best-in-class power protection to edge, small and medium data centers, as well as to critical ...
