What is the Hainan free trade port?

The creation of a free trade port is the highest level of opening-up in the world today. With rich natural resources and the advantages of being backed by China's mega-market, the Hainan FTP covers the entirety of the 33,900-square-kilometer Hainan Island. The FTP currently has eight open ports and 10 second-line customs ports.

How many ports does the Hainan FTP have?

The FTP currently has eight open ports and 10 second-line customs ports. China aims to build the Hainan FTP into an important gateway that leads the country's opening-up in the new era.

How does Hainan FTP work?

The island-wide special customs operations in Hainan FTP, that began from Dec 18, are different from how the rest of China's general territory functions. Trade in Hainan operates through a dual-line system: the first line between Hainan and overseas markets, and the second between Hainan and China's mainland.

Will Hainan FTP be China's most open economic zone?

Yes; Hainan FTP, positioned as China's most open economic zone, will surpass existing Free Trade Zones (FTZs) with policies designed to drive unprecedented liberalization, aiming at a pioneering development comparable and competitive with globally renowned free trade hubs like Hong Kong and Singapore.

As global trade faces rising tariffs and growing protectionism, China is moving in the opposite direction by opening one of its doors wider. That door is Hainan, a tropical island now being ...
