WARSAW (ICIS)-To address rapidly growing demand for energy storage, International Power Supply (IPS) is set to officially open a new automated manufacturing facility of industrial and ...

Our solutions also support off-grid and on-grid microgrids, PV + ESS + EV charging integration, and customized projects for the Bulgarian market. Partner with Highjoule to access reliable products, ...

A key highlight was the visit to the 20 MWh Malko Tarnovo project, powered by the company's modular battery energy storage system. Installed in partnership with Trakia MT on a solar ...

They are designed to work with high-efficiency Energy Management Systems (EMS), making them ideal for businesses and manufacturing plants. Regardless of the type of installation, ESS technology can ...

Explore NetSolar's Battery Energy Storage Systems (BESS) expertise in Bulgaria. We design, build, and maintain BESS for PV plants, enterprises, and energy system balancing, offering tailored solutions to ...

In 2024, GSL ENERGY successfully installed a 7.45MWh industrial-grade BESS energy storage battery system in Bulgaria, integrated with solar photovoltaic power generation, to provide ...

Several large-scale solar photovoltaic (PV) projects with a power capacity above 100 MW were launched into commercial operation in Bulgaria between 2021 and 2024.

BG EXERON X-BESS is a system for electric energy storage in batteries, developed based on patented technology by International Power Supply AD (IPS). The production will be ...

The batteries will be manufactured in the high-tech Hemus Industrial Park, located in the Kremikovtsi district of Sofia. The plant is expected to open this fall, which will accelerate the ...
