-----  
What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

Why do you need an outdoor enclosure?

These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices. Efficient outdoor enclosures ensure reliable performance and longevity under harsh weather. ArmorLogix is a leading manufacturer of outdoor enclosures with decades of experience creating turnkey solutions across industries.
