For the latest updates and more information, visit our website: <https://biolng.com.pl>

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel operation ...

EK photovoltaic micro-station energy cabinet is an integrated intelligent energy storage device designed for distributed energy scenarios, providing 10-50kWh multiple capacity options (models: EK-Micro-10 ...

Meet YD/T 1537-2015 outdoor cabinet standard, cabinet protection level: IP65 protection level. The cabinet supports 19-inch standard racks, and supports the installation of various devices that meet ...

Highjoule's Outdoor Photovoltaic Energy Cabinet and Base Station Energy Storage systems deliver reliable, weather-resistant solar power for telecom, remote sites, and microgrids.

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, extensive cycle ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...

The Photovoltaic Micro-Station Energy Cabinet is a hybrid power compact solution for remote energy and outdoor telecom sites.

An Outdoor Energy Storage All-in-one Cabinet is an integrated power storage system that combines batteries, inverters, cooling systems, and smart monitoring into a single, weatherproof enclosure.

The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to

High-temperature resistant smart photovoltaic energy storage cabinet for weather stations

provide reliable power distribution and battery backup for outdoor communication networks.

The outdoor photovoltaic energy cabinet can provide reliable housing for network servers, edge computers, professional equipment, monitoring systems, photovoltaic, and battery systems.
