How much does fire suppression cost?

Fire suppression costs vary widely based on system type, protected area size, and specific property requirements. In 2025, expect to pay \$1.50- \$3.00 per square foot for basic fire sprinkler systems in new construction. Due to additional labor and materials, retrofitting existing buildings typically costs \$2.00- \$7.00 per square foot.

How much does a fire suppression system cost in 2025?

The cost of fire suppression systems in 2025 varies based on multiple factors. Here's a detailed breakdown:
Sprinkler Systems: Typical commercial fire sprinkler systems cost \$1.50-\$3.00 per square foot for new construction and \$2.00-\$7.00 per square foot for retrofits. Specialized high-pressure systems may cost more.

How can a fire suppression system save you money?

Explore Insurance Discounts: Modern, compliant fire suppression systems typically reduce property insurance premiums by 10-20%. Request a written insurance analysis before installation to quantify these savings.
Utilize Tax Incentives: Many jurisdictions offer tax deductions for installing life safety systems.
