Explore top-of-the-line outdoor industrial enclosures and telecom cabinets with advanced design features - industry-leading products setting the standard for excellence.

These cabinets are UV-resistant aging, corrosion-resistant, acid and alkali resistant, wind-resistant, waterproof, and shock-resistant, with a more robust and durable structure.

Wind and photovoltaic integrated outdoor cabinet HJGF-XFD-01 The wind and photovoltaic integrated outdoor cabinet is an outdoor integrated cabinet made of high-quality metal sheet materials.

AZE"s 18U Wall mount Outdoor Cabinet are designed to protect your sensitive network equipment from harsh environments, with waterproof and dustproof features to safeguard it from the elements, while ...

Highjoule"s Outdoor Photovoltaic Energy Cabinet and Base Station Energy Storage systems deliver reliable, weather-resistant solar power for telecom, remote sites, and microgrids. Sustainable, high ...

Constructed from high-strength steel or stainless steel, it offers excellent waterproof, dustproof, and corrosion-resistant performance with IP55 protection. The interior 19" standard rack allows flexible ...

Each outdoor photovoltaic telecom energy cabinet is built for harsh outdoor telecom and edge usage, characterized by durability, flexibility, and intelligent control to provide unshakeable power supply.

55kWh air-cooled energy storage cabinet with IP55/IP66 protection, designed for industrial and commercial photovoltaic energy storage applications.

Designed for outdoor deployment, the cabinet features weather-resistant construction, efficient ventilation or air conditioning, and options for battery and DC distribution integration. With robust ...

## Large outdoor photovoltaic cabinet for subway stations IP55 standard

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. Combines high-voltage lithium battery packs, BMS, fire protection, ...
