How does the Liebert matching battery cabinet work?

The Liebert matching battery cabinet allows installing an optional Alber battery monitoring system in the cabinet. The Alber battery monitoring continuously checks all critical battery parameters, such as cell voltage, overall string voltage, current and temperature.

Are lead-acid batteries toxic?

Lead-acid batteries contain hazardous materials. Batteries must be handled, transported and recycled or discarded in accordance with federal, state and local regulations. Because lead is a toxic substance, lead-acid batteries must be recycled rather than discarded. Do not dispose of a battery in a fire.

What is a DataSafe HX Battery Cabinet?

The HX battery cabinet offering now makes the DataSafe HX battery the ideal choice to optimize your UPS system installation, while offering flexibility in allowing customized options enabling you to design the perfect system for your particular application. DataSafe HX battery cabinet systems are factory pre-wired to minimize installation time.

Where can I find the instruction manual for the batteries?

Inside the door there is a document pocket containing the instruction manual for the batteries. The sections can be fixed together to form a single cabinet. Where required, the cabinet is completed by a special compartment or switch/disconnector cubicle containing the protection equipment.

Once the battery cabinets have been installed, commissioning is very simple. In any case, to avoid errors or disservices, read the installation manual or, if in doubt, contact the Enerpower Technical ...

Technical Features Rugged Construction: Made from galvanized or stainless steel, each battery enclosure offers exceptional strength and corrosion resistance. Weatherproof Design: IP54-IP65 ...

Our team of experts can help you configure your cabinet solution based on your unique needs. You can purchase both batteries and cabinets in a single purchase order.

DataSafe HX battery cabinet systems are factory pre-wired to minimize installation time. The cabinet design
