Arimon battery cabinets are designed to accommodate battery monitoring solutions from a variety of manufacturers or work with our engineering team to customize a solution specifically for your needs.

Battery Monitoring devices extend the life of your critical power backup systems. They eliminate the risk due to battery failure and loss of revenue due to downtime. Battery monitoring systems, including the ...

Cellwatch gives you a simple view providing quick battery access with a clear indication of a good or bad cell or jar. Cellwatch also monitors and displays the status of generator, switchgear and ...

This sophisticated system integrates advanced battery modules, intelligent monitoring systems, and robust safety features within a compact, climate-controlled enclosure.

Designed and optimized for UPS battery cabinets, the BDS-40 is the perfect choice. With the monitor mounted on top of the cabinet and custom cables with each connection point identified to battery, ...

The CellBlock EMS (Exhaust Monitoring System) is a cabinet add-on that enhances battery charging and safe storage. Designed for use in a climate controlled environment, it regulates temperature and ...

The CellBlock EMS (Exhaust Monitoring System) is a cabinet add-on that enhances battery charging and safe storage. Designed for use in a climate controlled environment, it provides active monitoring ...

Our Lithium Ion Battery Storage Cabinet is designed to provide a stable ...

BTECH is a leading battery monitoring manufacturer offering battery monitoring system configurations for UPS, flooded-cell, cabinet, and rack battery systems.

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce maintenance, and optimize runtime.
