Why should you choose Radio Holland?

Radio Holland offers cost-saving fleet service agreements, as well as remote monitoring maintenance support worldwide - helping our customers run a smarter, more profitable business with less downtime and lower operational expenditures.

How does radio Holland work?

Available 24 / 7, Radio Holland connects its customers to an unrivaled global service network of over 60 locations along major shipping routes. Our class approved, skilled technicians deliver top quality, on-the-spot services with the highest first-time-fix rate in the industry.

How do I move the IAC-D cabinet?

If possible, move the cabinet using the pallet. Insert the forklift or pallet jack forks between the supports on the bottom of the pallet (see Figure 8 for the IAC-D cabinet center of gravity measurements). Do not tilt the IAC-D more than 10°; from vertical or the cabinet may tip over.

Integrated monitoring units and NB-IoT/5G communication enable remote operation and maintenance, reducing the need for on-site service. Reserve internal space for fiber splicing trays and passive ...
