In the specific case of throw, `throw new()` is a shorthand for `throw new Exception()`. The feature was introduced in c# 9 and you can find the documentation as Target-typed new expressions. ...

New Zealand's unique geography and climate make it perfect for solar energy. But here's the catch - sunlight isn't available 24/7. That's where photovoltaic power storage systems come in. These ...

This is the Waveinverter Preinstalled Solar Cabinet 5.5KW from waveinverter, with cabling, breakers, fusing, and everything else that is required - all compliant to current New Zealand solar standard ...

By combining both wind and solar, energy storage and full remote monitoring in the PowerCrate any remote site can now shed or limit its requirement for ongoing fuel deliveries.

Note that if you declared it `var a = new { };` and `var o = new object();`, then there is one difference, former is assignable only to another similar anonymous object, while latter being object, it ...

Highjoule's wind and solar energy storage cabinets can be integrated with home energy systems to provide all-weather renewable energy. The smart lithium battery energy storage system is suitable ...

According to this reference for operator new: Global dynamic storage operator functions are special in the standard library: All three versions of operator new are declared in the global ...

The new operator uses the internal `[[Construct]]` method, and it basically does the following: Initializes a new native object Sets the internal `[[Prototype]]` of this object, pointing to the Function prototype ...

Power your New Zealand home with SolarWind's high-quality solar panels, innovative wind turbines, and reliable home batteries. Achieve energy independence & save on power bills.

New zealand solar integrated energy storage cabinet wind-resistant type

Cabinet is for low-voltage energy storage systems. Modular design maximising energy storage flexibility, Lithium Iron Phosphate Cell (LFP) inside, enabling a very safe with a long-life battery, Quick ...
