Where are data center custom server cabinets made?

AMCO Enclosures offers data center custom server cabinets, cases, cages, cable management, and PowerWhips products. All our custom data center network racks and server racks are manufactured right here in the USA at our facility in Des Plaines, IL. This includes data center custom server cabinets, cases, cages, cable management, and PowerWhips products.

What is a server rack & network rack?

Open and enclosed server rack and network rack solutions for a variety of environments including data centers, server rooms, network closets, offices, industrial, and specialty applications. Bring networking and computing exactly where you want it - like the factory floor or warehouse - with NEMA & IP ratings to protect from dust and moisture.

Where are custom network racks manufactured?

At our facility in Des Plaines, IL, all custom network racks and server racks are manufactured in the USA. In addition to producing standard configurations, we excel in providing customized solutions, including custom network racks.

What is a NetShelter server rack & network rack solution?

The NetShelter wall-mount server rack and network rack solutions provide the functionality required in edge computing, including remote access, video surveillance, and environmental management with optional fluid and smoke detectors. Configure a complete solution for your application with the Schneider Electric Local Edge Configurator.
