What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed, fabricated, and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality, faster lead times, and complete Build America, Buy America (BABA) self-certification documentation with every order.

Who makes outdoor Telecom cabinets?

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions.

What makes DDB a good telecommunication enclosure?

Noticeably lighter than steel, yet strong enough to rack even the heaviest equipment. Provides superior solar protection with its large overhang roof design. Since 1996 DDB has been solving the most complex problems within the telecommunication enclosure industry.

Wholesale Outdoor Network Switch Enclosure with NEMA/IP ratings. Custom sizes, OEM branding, fast delivery. Contact us for bulk pricing and reliable supply.

Need durable outdoor telecom enclosures? Discover IP65 waterproof cabinets with UV resistance and corrosion protection. Custom sizes available for telecom equipment. Click to compare ...

Leading global manufacturer of indoor and outdoor NEMA 3R to 4X enclosures for Telecommunication, Aerospace, Green Energy, Oil Gas and Utilities markets.
