We raised enough money, with your help, to pay for the installation of solar power electrical systems in 9 rural non-electrified secondary (high) schools in the Kasungu East District of ...

This study investigates the impact of energy use on education development in rural Malawi using a mixed-methods approach across selected schools in Ntchisi, Kasungu, and Nkhotakota.

The implementation of the solar energy project is expected to significantly benefit rural schools, where access to electricity has long been a barrier to educational progress.

Tag and Annotate any File or Folder Unlike most file tagging applications, we do not store tags in a centralized way. As a result, the added metadata is not tied to any specific vendor.

In a brilliant move towards empowering education and fostering sustainability, TENERGY sighted Chipunga Community Day Secondary School in Nkhatabay, Malawi.

Add a task list in Loop app Loop workspaces help you to bring together all you need for your project, including tasks. On a Loop page you can type &quot; / &quot; to insert a task list and add more tasks by ...
