Increasing rack power density both in the data center and at the network edge means that reliable power distribution is crucial. Our innovative power distribution units and rack PDUs not only maintain power, ...

A Power Distribution Unit (PDU) is a specialized electrical device designed to distribute power from a single input source to multiple output receptacles, specifically engineered for data center and IT ...

Protect critical servers and network equipment with conditioned power and reliable, scalable battery backup. Tripp Lite makes more than 250 highly efficient on-line and line-interactive UPS systems, all ...

Cabinet systems that use a modular, holistic approach to integrating thermal and power management facilitate cost-effective scalability for data centers to support increasing rack power densities while ...

Data center managers are faced with increasingly challenging demands: supplying additional computing power using less energy in a smaller space, while staying within budget constraints and maintaining ...

Having the right basic or smart PDUs is essential in data centers, server rooms, offices, and laboratories. We provide a range of basic and smart PDUs with power switches, lightning protection, ...

The Power Shelf series by Lite-On provides high quality power to data center server racks. Available in power ranges from 9kW to 27kW, and multiple form factors for 19 and 21-inch data racks, these ...

Our CoLo Series cabinets are convertible from a single-compartment cabinet to 8-compartment enclosures that are Seismic & UL Listed to provide secure compartments and cable/power pathways.

USPWR provides proven, best in class Cabinet Power Distribution Units (PDUs) including 3 Phase PDUs and Single Phase PDUs for all your critical power and data center needs.

Single-phase power storage cabinet for data centers

All PDUs including Basic PDUs provide reliable rack-mount power distribution for data centers, server rooms, and network wiring closets. Metered PDUs monitor load levels to avoid potential overloads ...
