We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services.

Manufacturing an air-cooled Commercial and Industrial (C& I) Battery Energy Storage System (BESS) cabinet involves a combination of engineering, design, and assembly processes.

Looking to deploy an enterprise-grade ESS cabinet for commercial facilities, factories, EV charging, microgrids, or industrial parks? Wenenergy provides fully integrated, outdoor-rated ESS cabinets using ...

The LZY solar battery storage cabinet is a tailor-made energy storage device for storing electricity generated through solar systems. They assure perfect energy management to continue power ...

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce maintenance, and optimize runtime.

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

The ESS-GRID Cabinet series are outdoor battery cabinets for small-scale commercial and industrial energy storage, with four different capacity options based on different cell compositions, 200kWh, ...

A Site Battery Storage Cabinet is a modular energy backup unit specifically designed for telecom base stations. It houses lithium-ion batteries (typically LFP), BMS, EMS, and optional thermal ...

We provide customized services for various energy storage facilities, and can customize exclusive solutions. Including home energy storage, base station energy storage and commercial energy ...
