We are committed to excellence in solar power plants and energy storage solutions. With complete control over our manufacturing process, we ensure the highest quality standards in every solar ...

With solar and wind power adoption rising across the Balkans, efficient storage systems are essential to manage intermittency and ensure uninterrupted electricity supply.

The Skopje Large Energy Storage Cabinet Model emerges as a game-changing solution, addressing voltage fluctuations that currently cause 18% energy waste in Balkan power grids.

Feature highlights: This Portable Outdoor Mobile Power Supply offers a large capacity lithium-ion battery with 2500+ life cycles and pure sine wave inverter technology, supporting AC, DC, and solar ...

Investing in an uninterrupted power supply in Skopje is a smart move for any business or household. From preventing financial losses to enabling seamless operations, the right UPS system acts as your ...

A city where sudden power outages become as rare as unicorn sightings, and solar panels work overtime even after sunset. That's the promise of the Skopje Energy Storage Project - ...

Feature highlights: This 220V Portable Mobile Digital Power Supply is designed for outdoor emergency energy storage, featuring a lithium battery with a capacity range of 252WH-756WH and power ...

Uninterruptible Power Supply (UPS) ensures its internal battery gets constantly charged from mains power and delivers a steady, consistent electricity flow to any equipment or appliance plugged into it.

The Skopje Mobile Energy Storage Power Station represents a scalable solution for cities transitioning to

Skopje builds uninterrupted power supply for solar-powered communication cabinet

renewable energy. By addressing intermittency issues and providing grid services, such systems ...

On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions.
