What are cellblock battery storage cabinets?

CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them. Our practical, durable cabinets are manufactured from aluminum, and lined with CellBlock's Fire Containment Panels.

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.

Where can I buy a solar battery rack & enclosure?

NAZ Solar Electric carries high-quality racks and enclosures for your batteries. We stock a wide range of sizes to fit your specific needs. We carry racks and enclosures from a number of manufacturers such as Simpliphi, Outback, and Midnite Solar. Shop our selection to find the one that right for your power system. Pay over time with Affirm.

Are battery storage cabinets safe?

Without the right separation, climate, and safety measures in place, storing batteries on-site poses a dormant but potentially expensive and devastating threat to your work environment. CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them.

The outdoor battery enclosure is a housing, cabinet, or box that can be used outdoor and specifically designed to store or isolate the battery and all its accessories from the external environment.
