What is a hubi solar kit?

Hubi Solar Kits are the ultimate Plug & Play solution for reliable, off-grid power in your shed, cabin, garage, or remote location. Install your Solar Hub in minutes and enjoy maintenance-free lighting. Get instant, reliable power and illumination without any complex wiring or maintenance.

What are small off-grid solar kits?

Our small off-grid solar kits are designed for smaller structures like cabins, treehouses, and tiny houses. These kits are designed for lower wattage output for smaller off-grid applications.

Are small house solar kits affordable?

Our small house solar kits are affordable and assembled as per your needs. Remember to shop The Inverter Store for the rest of your solar product needs, as we offer additional accessories such as mounting brackets, solar panel cables and connectors, and many more accessories to complete your off-grid home solar system today.

How can I customize my solar panel kits?

You can further customize your solar panel kits to suit your environment by adding batteries, inverters, ground mount solar racks and other common accessories that will easily complete your setup. We can help you create both permanent and temporary solar setups in your small structure.
