Where can I find and win data center tenders?

When it comes to finding and winning Data Center tenders, TendersOnTime is your trusted partner. With coverage in over 240 countries, we cater to businesses of all sizes and types, providing access to government Data Center tenders and Federal Government Tenders from various ministries, public sector units, state governments, and tender boards.

How much power does a data center rack have?

While power density per rack averaged 6 kW in 2006, it climbed to about 8 kW by 2012, and is expected to approach 12 kW per rack by 2014, according to data collected by the Data Center Users Group, sponsored by Vertiv™. The need now exists for taller, wider and deeper racks to accommodate the changes in IT equipment and densities.
