Who makes outdoor Telecom cabinets?

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions.

What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed, fabricated, and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality, faster lead times, and complete Build America, Buy America (BABA) self-certification documentation with every order.

What is an outdoor Telecom shelter?

Outdoor telecom shelters address various communication housing needs, from quick set up time to weather protection. Customer adapted shelter solutions serve a range of telecom applications from incoming AC to complete solutions for different sites in the network.

DDB Unlimited manufactures NEMA outdoor cabinets to protect telecommunications, fiber optics, Wi-Fi and other electronics from the outdoors.
